Culinary Angels Commits to Delivering Organic Produce Bags to Their Recipients Who Have Been Affected by Covid19 Mandate in Partnership with Sunflower Hill and Fertile Groundworks Gardens

Livermore, CA- March 19, 2020 - Culinary Angels, in partnership with Sunflower Hill and Fertile Groundworks organic gardens, will begin delivering nutrient-rich produce and recipe suggestions to their recipients, Tri-Valley Haven, and other organizations serving at risk and homebound community members during the COVID19 outbreak beginning March 28. Culinary Angels delivers nutrient-dense meals every other week to those going through serious health challenges, most of whom are actively going through cancer treatment. Due to current government mandates and circumstances outside of their control, they have been forced to temporarily suspend their meal delivery service. However, they are excited to replace their prepared meals with local, organic, and seasonal produce to support the health of their recipients and community members. All deliveries will be made porch-side, on a weekly basis to Tri-Valley addresses on Saturdays, for as long as feasible, at specified times.

Learn More About Us:

Culinary Angels is a Livermore-based non-profit organization that strives to provide primarily organic, nutrient-dense main courses, soups, side dishes and bone broth to support the health and recovery for our community members in need, at no cost regardless of financial standing. Most of our produce is generously donated by local organic farms, Sunflower Hill and Fertile Groundworks. Our staff and kitchen meet all state safe food handling requirements. The First Presbyterian Church of Livermore generously donates their kitchen facility, without which we could not operate.

How to Contact Us:

For more information, contact our Founder/Executive Director, Lisa McNaney at lisa@culinaryangels.org or 510-734-6534.

To request a produce delivery, please contact our Recipient Care Coordinator, Vallerie at val@culinaryangels.org, or through our website at <https://culinaryangels.org/request-a-meal/>.

On behalf of the entire Culinary Angels Organization, we wish to express our deep concern for those affected by Covid19 and the shelter-in-place mandate, and our active support through the gift of nourishing produce.
